# Receive your INR results by SMS

For Warfarin Care patients

Set up and receive your Warfarin Care  
INR results via SMS in 3 simple steps.

## STEP 1 - Register

You **must** be enrolled in the SNP Warfarin Care program to receive your **INR** results via SMS.

Let the collector know that you would like to receive your **INR** results via SMS. Alternatively, advise the Warfarin Care team next time you call for your dose instructions.

## STEP 2 - Confirm

Before you opt to receive your results via SMS, refer to our Privacy Policy at [snp.com.au/privacy](https://snp.com.au/privacy)

You will receive an SMS from the Warfarin Care team confirming that you would like to receive your INR results via SMS. Respond to the SMS with '**YES**' if you wish to proceed. If you no longer wish to receive your results via SMS, respond to the SMS with '**NO**'.

## STEP 3 - Ready to go

Proceed with your dose instructions as provided.

The next time you have a blood test, instead of receiving a phone call, SNP will automatically send an SMS to your nominated mobile number to advise your INR result, dosage and next test date.

**Note:** mobile phones may display the SMS differently to that shown on this brochure. You may need to scroll down on your mobile phone to read the entire SMS message.

### Need help?

Our Warfarin Care Support Centre is available to assist.

**1300 769 440 or (07) 3377 8777**

Monday to Friday, 10 am to 4 pm, Saturday, 10 am to noon AEST.  
Closed Sundays and public holidays.
